

Appl. No. : 10/763,080
Filed : January 22, 2004

REMARKS

In the August 29, 2006 Office Action, the Examiner objects to informalities in the specification; rejects Claim 31-44 under 35 U.S.C. § 112, second paragraph; and allows Claims 1-30 and 45-63.

Objection to the Specification

Applicants have amended paragraph 2 to include the serial numbers of the related applications. Accordingly, Applicants request the Examiner to withdraw the rejection to the disclosure.

Rejections of Claims 31-44 Under 35 U.S.C. § 112

Without acquiescing to the Examiner's rejections, Applicants have canceled Claims 31-44 without prejudice herewith to speed issuance of the allowed claims. Accordingly, the rejections to Claims 31-44 are now moot. Applicants reserve the right to pursue any of the canceled claims in a continuation application.

Amendments to Claims 53 and 60

Applicants have amended Claim 53 to correct a typographical error, changing "enablea" to "enable a."

Applicants have amended Claim 60 to change from "tangible" medium to "computer-readable" medium.

SUMMARY

In view of the foregoing amendments and remarks, Applicants respectfully request the Examiner to pass the present application to the issue process.

If there is any further impediment to the prompt allowance of the present application, Applicants request the Examiner to call the undersigned attorney of record at 310-407-3466 or at the telephone number listed below to resolve any such impediment.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.
